

MACS AGAINST CANCER

A.E. Photography is a Lorain, Ohio based photography studio that started M.A.C. to not fight Cancer, but to help the victims of Cancer forget about their disease for a while.

These computers will be installed with art, music, and document creating software. Thus enabling users to use art therapy to help endure their stay during their treatment.

We take any make, model, running or not, Macintosh Products. We then reformat the hard drive, refurbish the computer and then donate them to youth Cancer hospitals.

To contact us to donate your used Apple products, call 440.308.7296 or email MAC@aephotography.net or go to www.aephotography.net/MAC.html for more info.

We don't discriminate PC's, if you have any PC's or other broken or unused electronics, visit www.greatlakesecycle.com
